

HERBARIUM OF HARVARD UNIVERSITY,
BOTANIC GARDEN, CAMBRIDGE, MASS.

April 21

1878

My Dear Reichardt
(You ask for news
of us - in your line of
30th March (the request
in which, as to Cypripedium)
we answer by post).

Now then I introduce
my friends and neighbors,
Mr. Mrs. & Miss James, of
Cambridge, who will tell
you every thing, - and you
will be kindly attentive
to them in Hamburg - I
know - for their own sakes

when you know them,
and for the sake of
your old friend
and correspondent.

Asa Gray
